EDUCATION

CEFET/RJ

- Bachelor's Degree in Computer Engineering (in progress)

SKILLS

- Programming knowledge in C, Python, and JavaScript
- Front-end development knowledge
- Knowledge of networking fundamentals and troubleshooting
- Familiarity with agile methods
- Effective communication
- Project management
- Teamwork
- Adaptability

LANGUAGES

- Portuguese - Native
- English - Intermediate
- Spanish - Basic

LUIZ FELIPE LEAL RODRIGUES

OBJECTIVES

To work in the field of information technology, aiming to gain experience in the job market, develop and enhance new skills, and specialize as a professional in my area of study. Currently, I am focused on studying and obtaining the CCNA and CCNP certifications, with the goal of deepening my knowledge in computer networks and contributing to the innovation and improvement of technological systems and their security procedures.
